3. The waterman and one sweeper on Rs.12 each per mensem have already been sanctioned by me. Proposition statements have been called for and will be submitted in due course.

Forwarded

Forwarded to the Personal Assistant to the Surgeon-General with the Government of Madras. The increased staff is quite essential as both in and out-patients attendance has increased considerably as will be seen from the following figures:-

Year	In-patients. Total treated.	In-patients. Daily attendance	Out-patients. Total treated	Out-patients. Daily attendance	operations	Remarks.
1918	999	45.79	36,295	243.67	2518	
1919	1,245	51.96	33,626	236.13	2155	
1920	1092	49.72	33,564	227.03	1914	
1921	827	62.19	24,224	244.96	1273	Till 31st August 1921.

As one compounder has to be on night duty, the services of two compounders are quite necessary for the day duty.

As two nurses are posted for night duty, three nurses are required for day duty to attend on the in-patients who are in five different wards and who require constant attendance on account major surgical operations and serious medical cases. One nurse is required in the out-patient department to attend on the out-patients.

One waterman cannot cope with the work in the in-patient, out-patient and operation theatre owing to very heavy attendance.

For the same reason one more sweeper is also badly required.

Subject: Additional staff for Mangalore Headquarter hospital.

Sir -

The S. G. requests for the permanent appointment of the following additional staff in the Mangalore Head Quarter hospital: one compounder, two nurses, one waterman and one sweeper. The reasons for the increase of staff are stated on pp 1-3 of.

2. Mangalore headquarter hospital provides 38 beds. The S. G. recently pointed out that due to the insufficiency of the accomodation 40 additional beds are at present temporarily provided for in the some of the rooms and verandahs of the hospital. The S. G has applied for sanction for the construction of a temporary ward with 20 beds and this is separately under consideration. Presuming that this will be sanctioned the total number of beds will be 58. In his proposals for the standardization of staff in hospitals which the S.G. has suggested that hospitals which provide 25 to 50 beds should have 3 Compounders, 3 nurses one waterman and one sweeper. Mangalore hospital has at present 2 compounders, 4 nurses, one waterman and two sweepers. The permanent increase of a waterman and a sweeper does not appear to be essential. The S. G has appointed an additio

waterman and a sweeper. Perhaps no objection need be taken to this their pay can be met from Contingencies. | P.2 5/8/23

3. As regards the increase of the nursing staff from 4 to 6, the number recommended by the S.G. appears to be excessive. In connection with the proposals for the re-organization of the nursing staff in the Presidency the Finance Dept has agreed to the suggestion of this dept. that there should be one nurse to an average of 14 beds in maternal hospitals. The number of beds in the hospital is at 38 at present and 76 inclusive of the temporary arrangements referred to in para 2 on p 1 ante. If the proposal for the construction of a temporary ward with 20 beds is sanctioned there will be 58 beds for which 6 nurses is excessive. One additional nurse may be sanctioned on the scale now given to the other nurses of the hospital. Proposals for the revision of pay of nurses have not taken any final shape. | K

4. In view of the circumstances stated in para 2 ante an additional compounder may also be sanctioned. | P.P.T.

5. There is no provision of funds for ~~the~~ in the current years budget for this additional staff and no funds can be sanctioned now. The S.G. may be asked to meet the additional expenditure from the sanctioned allotments under 32 Medical. A draft order is submitted

which may be sent d.o to the Finance Deptt for acceptance.

The S.G. applies for certain permanent additions to the staff of the Head Quarter Hospital Mangalore. The present staff & the additions now asked for are detailed below:-

The reasons adduced by the S.G. in support of his proposal are given in paras 1 & 2 of his letter on pp 1-2 C.F.

2. Nurses & Compounders :-

The A.S.G. Deptt recommend, for reasons given in paras 3 & 4 of their note on p. 2 ante, that one additional Nurse and one Compounder may be sanctioned for the hospital. The ward master in the Mangalore head quarter hospital now provided for only 38 beds. at present 40 additional beds are temporary

Paras 2 of the A.S.G Deptt note on p. 1 ante

provided for in some of the rooms and verandahs of the hospital. It is stated that the S.G. has applied for sanction for the construction of a temporary ward with 20 beds. With the construction of this temporary ward the number of beds in the hospital will come to 58, for which the existing staff of 4 nurses at the rate of 1 nurse for every 14 beds seems sufficient. There, therefore, seems no case for the employment of a 5th nurse as recommended by the L.S.G. If, however, in consideration of the fact that the hospital is at present provided for 78 beds (of which 40 are temporary), it is thought that some addition should be made to the nursing staff, a temporary nurse on the minimum ⊗ scale of pay now drawn by the nurses of the hospital may perhaps be sanctioned, say for a period of one year. For similar reasons a temporary Compounder may also be sanctioned for the same period. on a pay of Rs 30, the minimum of the scale applicable to Compounders in the mofussil.
